

Morgantown Art Association

announces a **Stan Miller, AWS**

4 day all watermedia workshop April 12 thru 15, 2012

PAINTING THE LANDSCAPE AND PORTRAIT IN WATERCOLOR.

**BEGINNERS WITH SOME EXPERIENCE TO
ADVANCED**

In this workshop we will address the fundamentals of w/c painting: Color, Technique, composition and choosing a paintable subject based on one's skill level. Stan will demonstrate the landscape and the portrait using a variety of styles and approaches from realism to impressionism to abstraction.

Students will have the option of painting from the instructor's handouts or from their own photos (higher contrast photos are easier to paint), from their sketches, or from their imagination. All painting styles are welcome and **all water media are welcome**. There will be a short egg tempera demonstration as well. Students, if they choose, can work on just portrait or just landscape (or any subject they choose throughout the week. Every day when not demonstrating or lecturing, Stan will be visiting and assisting each student.

Students, if they choose, should bring at least 5 to 10 photos of subjects they might be interested in painting. Understanding design, eye movement, mood development and a continuity in one's body of work will be addressed with the more advanced students. Students also have the option of bringing one drawing or painting for private individual critique.

Cost: \$200 members

\$240 non-members

Where: MAA Gallery

5000 Green Bag Road

Mountaineer Mall

Morgantown, WV 26501
